## PROJECT AT NARESH I TECHNOLOGIES

---

### 1 Adactin - Manual Testing

Tested a room booking system allowing users to view, select, and book rooms online. Verified the booking process, including room availability, price calculation, payment via credit card, and receipt generation. Ensured an intuitive graphical interface, accurate payment processing, and email receipt delivery to users. Validated admin reporting functionality and security of sensitive data during transactions.

**2 HRMS** - Manual and Automation Testing Description: HRMS comes as a comprehensive solution for the efficient management and development of your Human Resource. It will assist you in the complex and strategic process of managing this crucial resource of your enterprise. Based on modular architecture, it facilitates a vast range of HR activities, with features that reflect the main HR management activities.
